

Co-Evolution: Plants and their Pathogens, the Never-Ending Story

9th of June, 9:00 to 12:00

Eco-evolutionary dynamics of Plant-pathogen Co-evolution

Hanna Susi

PhD, University Lecturer, Helsinki, Finland

Keynote: Eco-evolutionary dynamics of plant virus communities in the Åland metapopulation system

10th of June, 9:00 to 12:00

Molecular determinants of Plant-Pathogen Co-Evolution

Sam Mugford

PhD, Research assistant, John Innes Centre, Norwich, UK

Keynote: The molecular mechanisms of plant immune-suppression by sap-feeding herbivores

Call for submissions | Appel à présentation

Register for a presentation or flash talk with the QR code!

Presentations in English are encouraged.

Register before the **10th of May**
